Favour Dike

AI Response Evaluator · Content Analyst · AI Prompt Specialist

favourdike143@gmail.com

PROFILE

Writer, AI prompt specialist, and analytical thinker with experience researching complex topics, developing AI-assisted content, and assessing information quality. Focused on identifying errors, irrelevant details, and unsupported assumptions, then communicating clear, objective feedback.

AI COMPANY EXPERIENCE

Micro1 AI company experience

CORE COMPETENCIES

- AI response evaluation
- English language comprehension
- Accuracy & instruction following
- AI prompt engineering
- Contextual personalization
- Critical thinking & reasoning
- Quality assurance & feedback
- Research & information analysis

EVALUATION APPROACH

Understand user intent → Analyze the response → Assess quality → Identify errors → Provide structured feedback

Evaluation considers relevance, accuracy, helpfulness, contextual understanding, and personalization. Portfolio examples are self-directed demonstrations using fictional scenarios.

Professional references, dates, and role details can be provided as appropriate.
